Dear Parent/Guardian

The Drama and English department have arranged an exciting theatre visit to the Chester Storyhouse to watch Willy Russell's, '**Blood Brothers**'. The visit has been arranged to help prepare the students for both their Drama and English GCSE as a secure knowledge of the play is paramount at this level. As a department we are consciously making the effort to provide students with new and exciting opportunities that will help deepen their knowledge and progression in all areas of the curriculum. In addition it is important for students to see as many professional productions as possible, as it provides ideas and stimulus for the work they produce when back in school.
